MILITARY STORES ARE IN DANGER

Grave British Anxiety At Capetown Over the Situation.

BOMBARDING KEPT UP

BOERS SEEM TO HAVE GEN. WHITE IN A POCKET.

Kimberley In a State of Seige—Dutch All Over South Africa Ready to Join the Transvaal Forces—Boers Take Pomeroy and Are Fighting Their Way to Zululand—Gen. White's Army Said To Be In Good Condition—Kimberley Anxiously Awaiting Relief.

Paris, Nov. 2—[Special Cablegram to The Gazette]—A statement is circulated here on alleged good authority that the second battle has been fought at Ladysmith in which a thousand British were killed, the remainder of Gen. White's army retreating to Pietermaritzburg. It is impossible to authenticate the rumor. The authority for the report says that beyond doubt the second battle has taken place.

London, Nov. 2—[Special Cablegram to The Gazette]—An official dispatch from Ladysmith received under today's date says that the bombardment continues and that Lieut. Ejerton of the cruiser Powerful, was dangerously wounded by a shell.

British Military Stores in Danger

Cape Town, Nov. 2—[Special Cablegram to The Gazette]—Grave anxiety is felt here regarding the situation at Ladysmith. A telegram got through from Durban, Natal, last night, which announced that the Boers were threatening Colenso, twenty miles south of Ladysmith, where there is a big railway bridge. If the Boers should destroy this Gen. White would be isolated. Gen. White would abandon Ladysmith if it were not for the immense quantity of military stores there. These amount to about half of the total British stores in South Africa. When they were placed there it was not dreamed that the town would be besieged.

British Need Reinforcements.

Ladysmith, Nov. 2—[Special Cablegram to The Gazette]—Gen. White is still holding the British position on the defensive but the Boers are delivering a terrific and fast consuming fire. If reinforcements come within forty-eight hours the Boers can be driven back.

Still Bombarding Ladysmith

Ladysmith, Nov. 2.—[Special Cablegram to the Gazette]—The Boers have unmasked new batteries, which are easily silenced only to break out again when the British fire slackens. It is thought that the bombardment, which is not serious, is designed simply to distract attention while the Boers are being moved to the rear of the town. The naval brigade now has four long range guns mounted.

Says Ladysmith Must Surrender.

Brussels, Nov. 2.—[Special Cablegram to The Gazette.]—Dr. Leyds, Transvaal agent, said today that Ladysmith would capitulate to the Boers in a few days, as it was impossible for British reinforcements to arrive for many days. The moral effect of the capture of White's left wing, the doctor said, will be enormous on the Afrikanders in Natal and at Cape Town.

Twenty Dead and 100 Wounded.

London, Nov. 2—[Special Cablegram to The Gazette]—The Star Cable company says that twenty dead and one hundred wounded were counted at Nicholson, Nek, where Gen. White's left was captured. Eight hundred and seventy British prisoners were sent to Pretoria.

BUGHERS HAVE TAKEN POMEROY.

They Now Occupy Part of Zululand and are Pressing Northeast.

Pietermaritzburg, Nov. 2—[Special Cablegram to The Gazette]—The Boers are occupying parts of Zululand to the northeast of Natal and have taken Pomeroy.

Gen. White Holding His Own.

London, Nov. 2—[Special Cablegram to The Gazette]—A Ladysmith dispatch filed this morning has been received at the war office. It says Gen. White's army is in good condition and holding its own.

KIMBERLEY IN A STATE OF SEIGE.

Dutch All Over Africa Ready to Join Transvaal Army.

Cape Town, Nov. 2.—[Special Cablegram to the Gazette.]—A belated message received here says that three thousand Boers are gathered at Bethules. The dispatch adds that the Orange river, on account of its swollen condition is impassable. Magistrate Harmsworth reported as captured by the Boers has arrived at Hopetown, Cape Colony.

He says that Kimberley is beseiged by 6000 Boers and a heavy cordon of beseigers is drawn around the town. The garrison at Kimberley is in good condition, but anxiously awaits relief. Harmsworth thinks that half of the Dutch population of Bechuanaland and Griquiland are ready to revolt.

OFFERED TO PORTER

New Foreign Bureau to Be Created Under the War Department.

Washington, Nov. 2—[Special Telegram to The Gazette]—A new bureau is to be created under the war department. It will be called the Bureau of Insular and Colonial Affairs. The position at the head has been offered to Robert P. Porter, who was recently in active service as special commissiones of the treasury department in gathering statistics in Porto, Rico, Cuba and Europe. The bureau will relieve the war department of the details of the government of our insular possessions while under military rule. Porter may decline the position.

BIG SHIPMENT OF TOBACCO

H. S. Sloan Tells About the American Tobacco Co.'s Heavy Purchase.

The Milwaukee Journal's "Man with the Hoe" published the following in last night's issue of that paper:

"This week the biggest shipment of tobacco that ever went out of Wisconsin will go from Edgerton," said Attorney H. S. Sloan, formerly of Janesville, now of Edgerton, to the "Man with the Hoe" yesterday afternoon. "There will be no fewer than ninety-five carloads of the weed and the value of it will amount to over $1,000,000. This is a tremendous order which was placed some time ago by the American Tobacco company, the so called tobacco trust. The product will be sent to Cincinnati and the seaboard. Wisconsin tobacco is in demand. Prices are very good indeed, and the raisers of tobacco are making good money. Three-fourths of the tobacco raised in Wisconsin passes through Edgerton, which was the first tobacco raising point in the state. Wisconsin tobacco is now used largely for binders in the making of cigars."

Mr. Sloan has been looking after the interests of the stockholders of the defunct Bank of Edgerton. He is a son of the late Judge Sloan, very well known throughout the state as a jurist of much ability.

DEER ARE VERY PLENTIFUL

Hard Times for the Fleet-Footed Animals for the Next 20 Days.

Milwaukee, Nov. 2.—The open season for deer began yesterday, and while hundreds of hunters are in the woods the trains going north are still crowded with men in hunting garb, carrying guns and camping outfits. Since the new license law went into effect, the county clerk of Milwaukee county alone has issued 2,200 licenses, each of which permits the killing of two deer. This is for a population of 400,000 people.

The population of the state is 2,000,000, and, in addition, there will be many guns from other states. This will give an idea of what the deer will be called upon to endure.

Reports from the northern part of the state are to the effect that deer are very plentiful and easy to find, and as the herds have not been broken up, there will be great slaughter. The deer that runs the gauntlet for twenty days and comes out unscathed has well earned his right to live and enjoy life for the remaining eleven months and ten days of the year.

DISCONTENTED MILK DEALERS

They Held Another Meeting Last Night and Talked Higher Prices.

Local milk dealers managed to get together again last evening in the municipal court building. They want to raise the price of milk in Janesville to six cents a quart but what they lack is organization.

"Just as soon as we can get all the dealers into a meeting" said a local peddler, this morning, "we intend to take a six cent raise. The trouble seems to be in getting the dealers to all attend a meeting."

TEACH IN WEST SUPERIOR

Miss Lynch of This City Accepts Excellent Position

Miss Edith Lynch of this city, has accepted an excellent position as teacher in the public schools at West Superior. Miss Lynch is a graduate of the Janesville High school of the class of '95. She is a young lady well able to fill a teacher's place with credit. Her numerous friends here will regret much her departure from this city.

Fifer to Succeed Calhoun.

Washington, Nov. 2—Joseph W. Fifer former Governor of Illinois, will succeed W. J. Calhoun as member of the interstate commerce commission. This information was secured today from a source which practically gives it the authority of an official statement.

At Niles, Mich., a canning factory will be built. One hundred and fifty people will be employed.

COEDS TO BOYCOTT THE MALE STUDENTS

NIGHT SHIRT PARADE MAKES TROUBLE AT MADISON.

The Young Men Make Counter Threats—Temperance Workers to Meet at Madison—Bank Robbery at Chilton—Late State News and Notes.

Madison, Wis., Nov. 2—As a result of the disgraceful proceedings following the night shirt parade of the university students Monday, the young women of Ladies' hall held a mass meeting last evening and passed a resolution to abstain from any social intercourse with the young men of the university or to attend any parties until the property stolen from the hall laundry be returned, the guilty students punished and ample reparation made. The resolution had the approval of President Adams, Dean Birge and Miss Emery, dean of the women.

It is said a number of indignant parents, in view of the insults shown their daughters, will take them out of the university, and place them where they can be protected. The stolen property is being slowly returned, but in many cases it is completely ruined and to add to the aggravation is accompanied by cards of innocent students and townspeople. A great deal has been photographed and much still adorns the rooms as trophies.

Owing to the boycott by the young women three dancing parties arranged by Beta Theta, Pi Phi Delta Theta and Theta Delta Chi fraternities have been given up. The young men make counter threats of boycott for the junior promenade.

Temperance Workers to Meet

Madison, Wis., Nov. 2—The temperance forces of Dane county will have a three-day meet in Madison, Nov. 24 to 26, at which representative workers from cities and villages of the county will report. Madison clergymen and prohibition workers will make addresses.

Bank Robbery at Chilton

Chilton, Wis., Nov. 2—The safe of the State bank was blown open last night and completely ruined. About $2,800 was stolen. The stockholders will make good the loss and the bank will continue business unimpaired.

New German Colony Located.

Cumberland, Wis., Nov. 2.—A colony of 100 Germans, who belong to the Christian Social association, has purchased 4,000 acres of land on the Chippewa Falls & Northern branch of the Omaha road, northeast of this city and have established a station called Sarona. They are building large houses and barns and will work this land on the cooperative plan. They are a religious sect and came from the north of Germany.

Walworth County Sunday Schools.

Delevan, Wis., Nov. 2.—The first annual convention of the Walworth County Sunday School association began at the Congregational church last evening, with a reception at 7 o'clock, which was followed by a praise service conducted by Dr. Bert Compbell of Lake Geneva. An address was presented by the Rev. J. J. Lugg of Lyons. A social hour came next, when the visitors were welcomed by Mayor A. E. Smith, Miss A. I. Hobart of the Wisconsin school for the deaf, and W. G. Weeks of the Delavan Republican, to which responses were made by delegates.

TWELVE LOST AT SEA

Steamer Colwell Goes Down Off Carolina Coast and Captain Alone Is Saved.

New York, Nov. 2—Word was received in this city today of the loss of the steamer George L. Colwell off the South Carolina coast. Twelve sailors were lost.

Captain Gaskeel of the wrecked vessel sent a dispatch to the owners from Charleston, S. C., saying he was the only survivor of a crew of thirteen. He gave no further details.

From other sources the owners learned that Captain Gaskeel was picked up at sea and taken to Charleston by the liner Navahoe.

FORECAST OF WEATHER

Chicago, Nov. 2—[Special Telegram to The Gazette]—The forecast for Wisconsin is as follows:

Snow flurries, cold tonight and Friday.

Ceded Whole Archipelago.

Washington, Nov. 2.—The positive statement is made here by authority that Spain does not retain possession of a single island in the Philippine archipelago. This is called forth by the declaration in the Spanish cortes of Count de Almenas that through ignorance the American commissioners had allowed three islands at the northern extremity of the archipelago to remain under Spanish control through their definition in the treaty of the boundary of the group. There is stated to be no doubt as to the sufficiency of the treaty clause to cede the entire archipelago. If there has been a failure on this point, that fact will not redound to Spain's benefit, for it is held officially that the islands north of the Philippine archipelago belong to Japan.

BIG CHICAGO PLANT MAY BE MOVED HERE

MANUFACTURING CONCERN IS SEEKING A NEW LOCATION.

They Do Not Ask the People to Buy Stock, But It Will Be Necessary to Show An Interest In the Project—Managers Will Come Tommorrow.

A movement is on foot that may result in the location in Janesville of an enterprise that will employ from fifty to one hundred hands. The business is well established and has been successful.

The managers are now in search of a location in some thriving city within a radius of 150 miles from Chicago, and two representatives of the concern are expected to reach Janesville tomorrow to look the town over.

The concern does not ask the people to buy any stock, but as their investigating trip has taken them to other cities, where inducements have, of course, been held out, Janesville people must show an interest in the project in order to secure the plant.

It is the wish of the managers to be on a running basis in their new quarters within sixty days.

The industry is said to be of a character different from anything we now have and to be backed by entirely reliable men.

In case it is decided to locate here several families would remove from Chicago to Janesville at once and fifty hands would be employed at the start.

When the representatives reach the city they will look over the buildings and sites that are available and at that time more details as to their business, etc., will doubtless be given.

FUNSTON VERY ANGRY

Denies That He Looted Catholic Churches In the Philippines—To Bring Suit.

Albuquerque, N. M., Nov. 12—Gen. Frederick Funston, who is enroute home with his regiment, is highly indignant over a recently published interview, in which Archbishop Ireland was quoted as saying that Gen. Funston had been accused of looting churches in the Philippines, and has wired his attorneys at Topeka to ascertain if Archbishop Ireland had been correctly quoted with a view to bringing suit for criminal libel should the interview prove authentic. The charges alleged to have been referred to by the archbishop were made by the editor of the Monitor soon after the landing of the Kansas troops in San Francisco. The Monitor stated, it is said, that General Funston had taken two magnificent chalices from a certain Catholic church in the Philippines and had sent them home to his wife. Archbishop Ireland, in his Chicago interviews, was quoted as calling upon General Funston to deny the truth of the article and sue the editor of the Monitor for libel or the public would be obliged against its will to believe him guilty of the criminal acts of which he has been accused.

HOBART SLEPT WELL

Physician's Bulletin This Morning Was Very Encouraging—Hopes For His Recovery.

Paterson, N. J., Nov. 2—[Special Telegram to The Gazette]—Vice President Hobart's physician issued the following bulletin this morning: "Mr. Hobart spent a restful night. He slept well and did not require medical attendance.

Paterson, N. J., Nov. 2—Vice President Hobart took some nourishment last night. Mrs. Hobart says he looks better and stronger than he has appeared in two or three weeks.

The prospects are that he will pass a better day than he did yesterday. He had the newspapers read to him and took quite an interest in current affairs. He also talked for a time about his private business affairs.

TO EXPEL SENATOR MASON

Tippecanoe Club a Strong Republican Society Takes Action.

Chicago, Ill., Nov. 2—The political action committee of the Tippecanoe club, a strong republican organization decided today to expel Senator Mason from its membership. The action was taken on account of Senator Mason's opposition to the policy of the national administration in the Philippines.

Alvin Saunders Dead.

Omaha, Neb. Nov. 2—Alvin Saunders who was Territorial Governor of Nebraska during the civil war, afterwards United States Senator from this state, died at an early hour this morning.

During his entire career he was a prominent figure in Nebraska political and business life. His daughter is the wife of Major Russell Harrison, son of the ex-President. The infirmities of old age were the cause of the ex-Governor's death.

Biting Cold Wave Over Nebraska

Lincoln, Neb., Nov. 2—A biting cold wave swooped down on Nebraska last night, the entire state feeling its effects. The temperature fell almost fifty degrees within a few hours.

COLD WEATHER HINDERS WORK

Cement Mixture on Milwaukee Street a Hard Thing to Deal With

The present chilly weather is hindering the work of paving on West Milwaukee street. Mixing cement for the foundation, does not work well in cold weather. Brick has been placed as far as the corner of River street and the work is being rushed. Brick, for paving between the street car rails, has arrived from Springfield, Ill.

DO NOT WANT SILVER

Congressman Babcock Has No Fear Republicans Will Lose Many German Votes.

Milwaukee, Wis., Nov. 2—Congressman J. W. Babcock was in the city last night on his way home. He is thoroughly in line with President McKinley on the Philippine question. He said:

"Yes, there are some Germans who are opposed to the administration on the Philippine question. It seems to me, however, that it is mostly the older German residents, who read only the German papers. When, however, it comes to taking in a free silver platform also, I think that even the disaffection in this class will be smaller than is now anticipated. Still, there will be more than enough democratic expansionists who will vote the republican ticket to make up.

"The German papers are largely dominated by Carl Schurz's opinions and some of the Germans who read nothing else have come to his way of thinking. There is at Lincoln, Neb., a German paper which circulates extensively through this section of the country, which prints Bryan's opinions, and I find some of the old fellows repeating his arguments glibly. But the number of Germans who read the German papers exclusively is comparatively small.

"Then, silver is sure to be coupled with anti-expansion, and there will be few of the Germans who can swallow that pill. I do not think we will lose very many German votes."

Mr. Babcock says he is not going to Iowa to consult with Colonel Henderson on legislative problems. He goes on business and did not say that he was going to see Mr. Henderson. He said that he expected to be a candidate for Congress again.

A SPIRIT OF THANKFULNESS

Thanksgiving Day Proclamation Issued by Gov. Scofield

The spirit of thankfulness becomes the nation as well as the individual, and through its cultivation both are better fitted to use wisely the blessings which come to them. The recognition of this has prompted the people of our country to honor by regular observance the custom established by the founders of the nation, and set apart one day of the year in which publicly to give thanks to Almighty God for the blessings which he has vouchsafed to us.

In conformance with this honored custom, and with the proclamation of the president of the United States, I, Edward Scofield, governor of the state of Wisconsin, do hereby designate Thursday, November 30, as a day of public thanksgiving.

In such a year as this, the most prosperous in all respects in our history, there is a danger that we shall forget to whom our prosperity and well being are due, and it behooves us to be more diligent than in former years in cultivating a spirit of gratitude. I recommend, therefore, that upon the day designated, the people of this state, so far as is possible, cease from their ordinary occupations and assemble in their various places of worship and around the family board recall the blessings which have come to us during the year, and give humble expression to their gratitude and appreciation.

In testimony whereof I have hereunto set my hand and caused the great seal of the state of Wisconsin to be affixed. Done at the city of Madison, this thirtieth day of October, in the year of our Lord, one thousand eight hundred and ninety nine.

[SEAL.]

EDWARD SCOFIELD.

By the Governor:

WM. H. FROEHLICH,
Secretary of State.

Narrowly Escapes Disaster.

Cleveland, Ohio, Nov. 2.—A Willson avenue street car, carrying forty passengers and running at a good rate of speed Wednesday, jumped the track just as it ran onto the Willson avenue bridge, which spans a deep ravine. The car crashed into the side railing of the bridge and tore it away. The front trucks went over the side of the structure, after which the car stopped, overhanging the gully, 75 feet below. A panic among the passengers followed. Women fainted and men fought their way to the doors. Had the car moved another foot or two it would have undoubtedly gone over.

Porto Rico Once a Forest.

Porto Rico, say the scientists, was originally an immense forest from the seashore to the mountain summits. It is doubtful if there is a single foot of its land area which was not at one time covered by tree growth, from the diminutive mangrove bushes on the coast to the giant trees of the mountain sides and tops. Although still wooded in the sense that it is dotted by many beautiful trees, the island is now largely deforested from a commercial point of view.

IT WAS THE WORK OF TRAITORS

President Has Proof That Filipino War Was Urged From the U. S.

EXPOSURE TO FOLLOW

M'KINLEY'S MESSAGE WILL STARTLE CONGRESS.

Filipinos Rebelled At the Suggestion of Anti-Expansionists In This Country—Members of Congress Involved—Disclosures Result From Investigations of Philippine Commission—It Is Certain That Aguinaldo Raised the Rebel Standard Upon Receipt of Advice From This Country.

Washington, D. C., Nov. 2—President McKinley's discussion of the Philippine question in his message will border on the sensational, if senators who have talked with him today are not misled by what was said in conversation.

One of these senators received the impression that the President intended to confine his discussion of the Philippines to the insurrection and its causes. This would not be remarkable if it were not for the fact as alleged, that the President now has in his possession evidence fixing the blame for the insurrection upon Americans who incited Aguinaldo to rebel, and promised him support in American congress.

It is asserted not only that the President has these facts in his possession, but that he is so positive as to the nature of the proof that he will lay it before congress in his message.

For months there has been a suspicion that messages passed between Agoncillo, the Filipino agent, who was in Washington last winter, and Aguinaldo, the day before the attack was made upon the United States troops, and that Agoncillo received encouragement to rebellion from conspicuous citizens of this country and from members of Congress.

This suspicion is now said to have developed into a conviction with the president, because of facts placed in his possession by the members of the Philippine commission. The commission made every effort to learn the cause of the insurrection, and they were informed of the suspicious circumstances attending.

Agoncillo's meeting with certain anti-expansionist statesmen while in Washington and the fact that he sent cable messages to the Filipino junta in Hong Kong just before the insurrection began.

The commissioners investigated these suspicious circumstances, and are said to have found unmistakeable proofs that Aguinaldo acted on advice cabled from this country.

HOT SPARKS FROM THE WIRES

THE cruiser Brooklyn has sailed from Gibraltar for Port Said, en route for Manila.

THE 13-year-old son of A. E. Chase Oshkosh, Wis., has been missing for ten days.

COLD weather has allayed fears of yellow fever in Mississippi and quarantines are being raised.

THE Oshkosh (Wis.) Gaslight company was sold to Edgar P. Sawyer. Consideration supposed to be $150,000.

AT Marquette, Mich., there was a light fall of snow. The temperature was below the freezing point all day.

AT Canton, Ill., fifty miners and mule drivers struck for higher wages. The demand was immediately granted.

THE Ohio State Board of Arbitration will attempt to settle the strike of the girl pottery employes at East Liverpool.

AT Duluth, Minn., fire destroyed the sawmill of the Clark & Jackson Lumber company. Loss, $50,000; insurance, $41,000.

CHARLES MITCHELL, bugler of the cruiser Olympia, will be accorded a public reception when he arrives at his home in Niles, Mich., next week.

THE semi-annual meeting of the Board of Bishops of the Methodist Episcopal church began at Philadelphia, Pa., and will continue until next Wednesday.

THE last rail on the Fort Dodge and Omaha railway was laid near Wall lake, and the main line of the road running from Fort Dodge to Council Bluffs is now completed.

ADMIRAL DEWEY IS NOT IN THE RACE

IDLE TALK ABOUT HIS PRESIDENTIAL CANDIDACY.

He Is Positive On That Point—Mrs. Hazen a Convert to the Catholic Faith—Marriage It Is Expected Will Take Place Soon At Washington.

Washington, Nov. 2.—There is no possibility that his marriage to Mrs. Hazen will have the effect of inducing Admiral Dewey to enter politics as a candidate for the presidency on the democratic or any other ticket. Besides Mrs. Hazen is not a democrat, but a republican and an expansionist.

The admiral, while declining to be interviewed, wishes it to be known that the talk of him in connection with the nomination for the presidency is absolutely idle and useless. He is fully determined on this point, and declares in in the most positive terms that nothing could induce him to change his mind.

Mrs. Hazen Is a Catholic.

Mrs. Hazen will be married to Admiral Dewey probably by Archbishop Keane, although Cardinal Gibbons may participate. The admiral's fiancee developed her Catholicism gradually. She was born into a Presbyterian family, but after she grew up and came to Washington, attended St. John's Episcopal church. About half a dozen years ago she became a convert to the Roman Catholic faith, and was received into the church by Bishop Kane. She first attended St. Matthew's, but has lately been a communicant at St. Paul's church, at the corner of Fifteenth and V streets.

The wedding probably will take place at the home of the bride's mother, Mrs. Washington McLean, and the present intention is to have it a privats affair, as it would be almost impossible to invite all the persons who would be entitled to such recognition unless resort were had to a church wedding, which neither the admiral nor Mrs. Hazen favors.

Mrs. Hazen's society has always been enjoyed by the brightest men in public life, among those who frequented her mother's home being Speaker Reed, Representative Boutelle and Hitt and Adjt.-Gen. Corbin. The admiral has known his future bride since childhood, and before his departure to command the Asiatic squadron he often visited the home of Mrs. McLean. During his absence he corresponded frequently with Mrs. Hazen.

The admiral has not yet announced the date of his marriage, but his friends say it will not be long before his new home will have a mistress. After his marriage Admiral Dewey and his wife will reside during the winter at his Washington home and during the summer at her summer home at Woodley.

HASTINGS INTENDS TO QUIT

Shaking Up in National Prohibition Party Officials.

Chicago, Ill., Nov. 2—There is to be a shaking up of officers, it is said, when the National committee of the prohibition party meets in this city, Dec. 13. Samuel Dickie, the chairman, has resigned, and Oliver W. Stewart, chairman of the Illinois state committee, is slated to take his place. William T. Wardwell, secretary of the National committee meeting has intimated his resignation would be handed in at the cammittee meeting. Charles E. Badger of Harriman, Tenn., and Alonzo E. Wilson, manager of the Illinois state committee are leading aspirants for the position of secretary. Samuel D. Hastings of Wisconsin, who is treasurer of the prohibition National committee, is expected to send his resignation. He is 83 years old and wishes to retire.

AMUSEMENT NOTES.

The Ferris Comedians presented the pastoral comedy "On the Ohio" at the Myers Grand opera house last night. It wasn't so bad and the specialties were better than ever. The house was cold and chilly and the program was long. Tonight "The Three Musketeers" will be presented with new and elaborate scenery. It promises to be the best production of the series.

* * *

"Hunting For Haskins," a new, original, American farce comedy by Guy F. Seeley, of the Chicago Inter Ocean, will shortly be presented here. Mr. Edward Girard, for many years one of the firm of Donnelly & Girard, and Mr. Edward Garvie, connected with Hoyt's companies for some years, are features of the cast. The comedy is said to abound in bright and witty lines, clever situations, and altogether a clean and wholesome performance.

SPORTING NEWS.

New York, Nov. 2—New York awaits patiently tomorrow night and its big pugilistic battle for the championship of the world. Bulletins this morning from the respective training quarters of Jeffries and Sharkey say preparatory training is completed and that the contestants are in the pink of condition and anxious for the gong to sound for hostilities to commence. Betting is livlier in sporting circles with Jeffries still the favorite 10 to 8 and 10 to 7. More Sharkey money is in evidence than on previous days of the week.

Both Jeffries and Sharkey declare that they cannot lose the coming battle and the followers of each are equally as confident of the outcome at Coney Island.

James J. Corbett issued a long statement last night, in which he picks Jeffries to win and gives his reasons. He adds that he has been promised a match by both men and will meet the winner in the near future. Professor Mike Donovan of the New York Athletic club says it will be the fastest heavy weight fight on record. The boxing expert declined to hazard a prediction as to the winner or the length of the battle.

Present indications are that the gate receipts will be larger by many thousands of dollars—by tens of thousands of dollars—than the gate receipts of any sporting or dramatic event to which an admission fee is charged, in the history of the country.

Both of Them Feel Confident

"Jim" Jeffries and "Tom" Sharkey have practically ended their training, and save for light exercise will do nothing more until they face one another in the area of the Coney Island Sporting club on Friday night. They have both worked hard for the contest and will probably prove to be in excellent condition. Some doubts have been expressed as to the form of Jeffries, as he has only done about seven weeks' work for the fight; but his manager, "Billy" Brady, and his trainers, "Tommy" Ryan and "Billy" Delaney, united in saying that he is entirely in satisfactory shape. He himself asserts that he is satisfied that he is stronger and better than he was on the night when he met "Bob" Fitzsimmons in the same ring and defeated him.

On the other hand, there is no doubt about the condition of Sharkey. He began work while in California early last summer and has kept pegging away at it ever since. He is ambitious to be the champion pugilist of the world in his class and does not want the matter of condition to stand in the way. He is in nearly perfect form.

Slosson Won Billiard Match.

New York, Nov. 2—Slosson won the professional billard match last night at Madison Square garden, Schaefer being beaten by 900 points to 757. Slosson again outplayed Schaefer by 300 points against 262 and he therefore increased the advantage which he held when play began by thirty-eight caroms and finally ended with a lead of 143.

Michigan-Wisconsin Game

Chicago, Nov. 2—Alumni of Michigan and Wisconsin met at the Sherman House yesterday afternoon, and appointed a joint committee to take charge of the Michigan-Wisconsin football game on Thanksgiving day at the West Side ball park, Ward Hughes was appointed local manager. The committee consists of S. F. Hawley, Roger Sherman and H. M. Bates, representing Michigan, and S. S. Gregory, L. B. Flower and George E. Waldo, representing Wisconsin. Headquarters were opened at 94 La Salle street and will be maintained until the game.

At the same time local alumni of Illinois and Wisconsin are doing a lot of hustling for the game between these two institutions at Milwaukee a week from Saturday. The Illinois-Wisconsin game has assumed an importonce which did not seem possible until the Champaign boys made such a good showing against Michigan on Saturday.

Figuring Up the British Losses.

London, Nov. 2.—A careful calculation of the British losses in all the engagements since the outbreak of hostilities—excluding the casualties among the non-commissioned officers and men in Monday's disaster at Ladysmith, which are thus far unknown here—gives a total of 916, to which probably 1,200 will need to be added when details regarding the Ladysmith reverse are received.

Serious Talk of Intervention.

Paris, Nov. 2.—The minister of foreign affairs hinted that intervention by foreign powers was actually under discussion and that Queen Wilhelmina is taking active measures in the matter.

MASONIC DEDICATORY CEREMONY AT WHITEWATER.

Lee, Erridge and Evans as Members of the Grand Lodge Officiated—Three Thousand People Were Present—Local Delegation Report Excellent Program and Reception.

Local Masonic members who visited Whitewater yesterday returned last evening well pleased with their visit. Notwithstanding that the weather was cold and a light snow was falling, fully 3,000 people thronged the streets to witness the ceremony of laying the cornerstone of the new city hall.

The following officers of the Grand lodge from out of the city took part in the ceremony: C. E. Whelan, grand master, Madison; C. C. Rogers, deputy grand master; W. W. Perry, grand senior warden; J. W. Laflin, grand junior warden; J. B. Cromwell, grand tyler, of Milwaukee; G. D. Harrington, grand treasurer, Delavan; G. H. Erridge, grand secretary, Janesville; J. H. Hastings, grand marshal. Kenosha; Charles B. Evans, senior deacon, Janesville; E. O. Shannon, junior deacon, Edgerton; Charles Legried, grand stewart, Cambridge, and A. S. Lee, grand stewart, Janesville.

Because of the severity of the weather only addresses of welcome by Mayor Kilkinson and C. E. Whalen, grand master, were given.

The following articles were laid under the stone: Roster of all local lodges, military company, fire department, city officers, names of churches and pastors, a copy of each of the city papers and a history of Whitewater, written by Prosper Cravath and S. S. Steele.

CHURCH SUPPERS GALORE

Five Were Held in the Bower City Last Evening

No one possessing a quarter needed to go hungry in Janesville last evening. Five church suppers were in order and all were liberally patronized.

The ladies of All Souls church did themselves proud when the 6 o.clock hour arrived.

At the Congregational church a harvest supper was in order and no one complained of not being well cared for.

The Sisters' fair ladies gave a repast in the vacant store adjoining the First National bank.

At the First M. E. church the ladies had a tempting spread that was not found lacking.

In the Sunday school room of the Baptist church supper was served last evening followed by the annual sale.

GIVE THE CHILDREN A DRINK

called Grain-O. It is a delicious, appetizing nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all its injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children as well as adults, can drink it with great benefit; costs about ¼ as much as coffee. 15 and 25

WERE WEDDED LAST EVENING

Ceremony Was Performed at Trinity Church By Rev. Maryon

At Trinity church last evening at 7 o'clock the Rev. F. L. Maryon performed the marriage ceremony uniting Nelson C. Dudley and Miss Alma Lange. The bride was attended by her sister, Miss Lange, as bridesmad, while the groom was attended by his brother, Webb W. Dudley, as best man. Following the ceremony the wedding party proceeded to 103 Center avenue, where a wedding supper was served and congratulations received.

The groom is a son of Mr. and Mrs. Lorenzo S. Dudley of 101 Linn street, and is employed as engineer by the Rock River Cotton company.

The bride is a most popular young lady possessing numerous friends. Mr. and Mrs. Dudley will reside at 103 Center avenue.

The Dentifrice

In selecting a dentifrice, avoid all preparations which are advertised for whitening the teeth, as to do that they must contain an acid, which will in time destroy the enamel. All that any good dentifrice can do is to keep the teeth clean. Liquid preparations are ineffectual, because in order to keep the teeth clean it is necessary to have the friction of a powder. The American Dental Association at its meeting in Boston, condemned the use of mouth washes in any form. The ideal dentifrice should be a powder which is entirely free from acid and sharp gritty substances, such as charcoal, cuttle bone, pumicestone and silex, all of which are too harsh and cutting to the enamel to be in daily use.

"The Prentice Tooth Powder" is prepared from select material and the ingredients are harmless, simple and effective. It is endorsed by the highest dental authorities as the ideal dentifrice. Sold by all druggists.

Bryan Hurled fro.' a Carriage.

Omaha, Nov. 2.—In order to meet an engagement to speak at Ravenna, W. J. Bryan was driven across country from Loup City, twenty-two miles, three relays of horses being employed. When about five miles from the start the carriage was upset over an embankment and Mr. Bryan and the other occupants were thrown out. All were more or less bruised, though not seriously.

Want Lower Rates on Flour.

Springfield, Ill., Nov. 2.—The Illinois Millers' association adopted resolutions censuring the railroads of the United States for discriminating in freight rates between wheat and flour, and recommending that the National Association of Millers do all in its power to secure an amendment to the interstate-commerce act which will abolish the discrimination.

To Close Tin-Plate Plants.

Pittsburg, Pa., Nov. 2.—The American Tin-Plate company Wednesday served notice of discharge on the superintendents and clerks of all its mills in Pittsburg, to take effect on Nov. 15. Some of the plants have been closed temporarily, it was said, for some time, but the latest move shows the shut-down is to be permanent.

SAYS THE WAR WILL GO ON.

Filipinos Claim to Be Still Confident of Victory.

CAN RAISE 500,000 SOLDIERS.

Senor Tomas Arejola at Madrid Declares Americans Will Quit the Islands When President McKinley's Successor Is Elected—No Compromise.

Chicago, Nov. 2.—The Record publishes the following from a special correspondent:

Madrid, Nov. 1.—Senor Tomas Arejola, president of the Madrid Filipino committee, said to me today: "Although our committee has no official character, it is on the best of terms with Aguinaldo and the other members of the Philippine government. We are persons chosen by the Philippine residents of Madrid to represent and defend the interests of the republic until an official consul shall be appointed.

"Our main effort now is directed toward relieving the Spanish prisoners in the Philippines. We are the medium of communication between the prisoners and their families.

"The war will go on; there is no doubt on that point. We shall obtain an unequivocal victory, and the Americans will end by evacuating the islands, whether they want to or not. We hope they will go of their own accord immediately after the next presidential election. The re-election of President McKinley, of course, would not change the situation. In that case we shall continue the struggle, our cry being always 'Independence or death!'

"We have now 80,000 soldiers, and we can raise 500,000 when necessary. We shall make no compromise with the United States. We are fighting for the integrity of our country, for independence, and in the final settlement America will not obtain any of the islands—not even one.

"We have all the ammunition we want and an excess of it. We often force the Americans to fire a great deal, so that after the combat our soldiers can take their empty shells and reload them.

"We have a few foreign officers in our ranks. Our men have plenty of food. It is untrue that there are divisions in the Filipino camp. Aguinaldo is still respected and is extremely popular. It is true that a certain number of Filipinos resident in Manila are outwardly favorable to the Americans, for fear their interests may suffer, but they are called traitors by the rest of the nation, and the Americans themselves shun them."

Mindanao Chiefs Want Peace.

Washington, Nov. 2.—Mail advices to the war department indicate important negotiations in the Mohammedan section of the archipelago outside of the much-discussed territory of Sulu. The Tagalo chiefs in Mindanao have made overtures of peace to Gen. Otis at Manila. Mindanao is almost equal in area to Luzon, being one of the two great islands of the Philippines. The Mohammedans there number 150,000. The chiefs offer to submit to the authority of the United States on the sole condition that sufficient American garrisons be established in the island to protect them.

Are Freed from Brigands.

Manila, Nov. 2.—Gen. Hughes, commanding in the Visayan district, has sent in an encouraging report. He says the island of Negros is now more peaceful and orderly than for twenty years. The planters are pursuing their business undisturbed by the bands of brigands who had long levied tribute on them. The Americans have scattered the brigands, and propose to pursue them until they are effectually suppressed.

Gen. Young's column entered Cabanatuan, north of San Isidro, yesterday morning.

Rebels Are Breaking Up.

Manila, Nov. 2.—All signs show that Gen. Young's rapid advance is demoralizing the insurgents northward. Prisoners report them to be fleeing to the hills. There are many deserters and sick men, and the former are taking their arms to the Americans. The cavalry's rapid movements are a puzzle to the insurgents, who think that the Americans, in striking so many places, must have overwhelming forces.

Menace to French Soudan.

Paris, Nov. 2.—The massacre of the Bretonnet mission is considered a grave menace to French Soudan in its present dislocated condition. M. Decrais, the minister of colonies, is severely blamed for reorganizing the colony and placing it under civil rule.

NEWS FROM THE COUNTY

West Porter News.

West Porter, Wis., Nov. 2.—There were about fifty-five couple in attendance at the Porter Band hall last Friday evening, although the weather was not very good. Smart's orchestra of four pieces furnished the music. Invitations are out for another dancing party to be held at the Porter Band hall, Nov. 10. Music by Leaver's orchestra. Miss Ames of New York, is visiting at her cousin's, F. J. Pierce, this week. Charles Eggelstun of Brooklyn, spent last Saturday and Sunday with relatives here. Mrs. Knights of Evansville, has been visiting at C. M. Davis' for the past few days. Miss Maude Pierce spent Saturday and Sunday with M. J. Conroy's at the Bower City. Mrs. C. M. Davis and Mrs. Knights were Janesville visitors last Saturday. Miss Audrey Hadley of Evansville, was a guest of Mrs. W. E. Davis last Sunday. W. M. Tolles transacted business in Janesville last Saturday. There was a dancing party at J. W. Nichol's, Hallowe'en Eve. Hanse Juiseth has sold his farm and purchased Charles Weary's farm. Possession given next month.

Barkers Corners.

Barkers Corners, Nov. 2,—Quarterly meeting will be held at Lima today. Elder Palmer will preach at Rutland Sunday. The Ladies Aid will meet with Mrs. Wm. Hodge next Thursday. The Misses Ida and Lizzie Hodge entertained a party of young folks at their home Hallowe'en. The evening was spent in diving after apples and other tricks too numerous to mention. The hail cut tobacco is about all sold in this vicinity, price paid being from 3 to 4½ cents. George Barker says that now cold weather is coming on he would be much oblige to the one who took his robes and blankets a short time ago if they would return them. The next morning after Hallswe'en people passing by the factory would stop and ask Mr. Boettchen if he were going to have an auction, as different pieces of farm machinery had accumulated there during the night.

To Demand More Wages.

Springfield, Ill., Nov. 2.—A convention of mine managers and mine examiners will be called to meet in Springfield at an early date to consider the matter of more wages. These officers are anxious for an increase in wages, as, they claim, since the general increase in wages of coal miners they can make more money digging coal than managing or inspecting. It is not improbable that unless a satisfactory agreement can be reached a strike such as was never before witnessed will be precipitated.

Show Distrust of United States.

Paris, Nov. 2.—The Berlin correspondent of La Patrie telegraphs: "Public opinion in Germany is struck with the fact that the United States is concentrating a large naval force in the neighborhood of China, pretending that it is required in the Philippine campaign. Assembled in Manila bay are twenty-two war vessels, armed with 121 cannon."

The inference, of course, is that America means to share in the partition of China.

W. E. Bishops' Board Convenes.

Philadelphia, Nov. 2.—The semi-annual meeting of the board of bishops of the Methodist Episcopal church began here Wednesday and the sessions will be continued until next Wednesday. Today's meeting was an executive one. One of the principal objects of the convention is to regulate the work to be done by the various church boards during the . . months from January to July.

Iowa Men Start for Home.

San Francisco, Cal., Nov. 2.—The gallant Iowa regiment is speeding home to the welcome that awaits it. The regiment was paid off and mustered out at the Presidio Wednesday morning, and in the afternoon the third section of the special train provided for carrying the Fifty-first home steamed out of the Oakland mole toward the east.

American Engineers Drowned.

Managua, Nov. 2.—El Commercio of this city publishes a dispatch from Castillo announcing the drowning at Machuca Falls during a recent flood of Mr. Clark, an American engineer, and other members of an engineering party working in that district under the direction of the United States canal commission.

Betting Is Mostly at 10 to 8.

New York, Nov. 2.—Many wagers have been placed on the result of the Jeffries-Sharkey fight. Jeffries' admirers continue to offer odds of $100 to $80. In many of the smaller bets recorded 10 to 7 were the prevailing odds.

TO CLEAN MATTING.

To make soiled matting look fresh and bright prepare a pailful of warm water with a handful of salt and four tablespoonfuls of Ivory Soap shavings dissolved in it. With a clean cloth squeezed out of the mixture, wipe every breadth of the matting, rubbing soiled spots until they disappear.

A WORD OF WARNING.—There are many white soaps, each represented to be "just as good as the 'Ivory';" they ARE NOT, but like all counterfeits, lack the peculiar and remarkable qualities of the genuine. Ask for "Ivory" Soap and insist upon getting it.

AMERICA'S SHARE OF SAMOA.

United States Sure to Get an Island, but Partition Hangs on Germany.

Washington, Nov. 2.—The negotiations for the partition of the Samoan islands are proceeding rapidly. The discussion going on in London with the co-operation of the authorities here and in Berlin has brought out, according to officials here, essential features on which all three powers—Great Britain, Germany and the United States—appear to be agreed. The chances seem good for an agreement by which the two powers shall receive and divide the islands, thus giving a dual government in place of the present unwieldy tripartite arrangement.

It seems to be generaly accepted by the negotiators that the United States will be one of the two powers to be represented, and that the island of Tutuila, on which the harbor of Pango-Pango is located, will fall to the United States. It is understood that the British authorities coincided with this view; but while the Germans seem to regard it favorably the point has been left open for more mature approval by the Berlin authorities. One of the remaining islands—Upolu—is of much value, while the other—Savaii—is practically valueless.

Fighters Ready for Battle.

New York, Nov. 2.—New York awaits patiently Friday night and its big pugilistic battle for the championship of the would. Bulletins from the respective training quarters of Jeffries and Sharkey say preparatory training is completed and that the contestants are in the pink of condition and anxious for the gong to sound for hostilities to commence. Both Jeffries and Sharkey declare that they cannot lose the coming battle and the followers of each are equally as confident of the outcome of the contest at Coney Island.

The articles of agreement under which the men will fight for the heavyweight championship of the world calls for twenty-five rounds. They will battle for 66 2-3 per cent of the gross receipts, of which the winner will receive 75 per cent.

Train Robbers Not Yet Found.

Dallas, Texas, Nov. 2.—The Missouri, Kansas & Texas Railroad company offers $3,000 reward for the capture of the robber or robbers who robbed the train at Denison Tuesday. The loss in money to the American Express company is estimated at $15,000. Messenger Concannon has not recovered consciousness.

Casualty List of the Army.

Washington, Nov. 2.—A recapitulation of the casualties in actions and deaths in the regular and volunteer armies between May 1, 1898, and June 30, 1899, contained in the annual report of the adjutant-general of the army, shows a grand total of 10,076 men. The casualty list alone aggregates 3,454, of which thirty-five officers and 458 enlisted men were killed and 197 officers and 2,764 enlisted men wounded. The death list, numbering 6,619, was made up of 224 officers and 6,395 enlisted men.

Scrofula to Consumption.

Any one predisposed to Scrofula can never be healthy and vigorous. This taint in the blood naturally drifts into Consumption. Being such a deep-seated blood disease, Swift's Specific is the only known cure for Scrofula, because it is the only remedy which can reach the disease.

Scrofula appeared on the head of my little grandchild when only 18 months old. Shortly after breaking out it spread rapidly all over her body. The scabs on the sores would peel off on the slightest touch, and the odor that would arise made the atmosphere of the room sickening and unbearable. The disease next attacked the eyes, and we feared she would lose her sight. Eminent physicians from the surrounding country were consulted, but could do nothing to relieve the little innocent, and gave it as their opinion that the case was hopeless and impossible to save the child's eyesight. It was then that we decided to try Swift's Specific. That medicine at once made a speedy and complete cure. She is now a young lady, and has never had a sign of the disease to return.

MRS. RUTH BERKELEY,

Scrofula is an obstinate blood disease, and is beyond the reach of the average blood medicine. Swift's Specific

THIS DAY IN HISTORY.

1755—Marie Antoinette, consort of Louis XVI of France, born in Vienna; guillotined by the revolutionists in Paris Oct. 16, 1793.

1767—Edward, duke of Kent, father of Queen Victoria and at one time commander of the forces in British America, born; died 1820.

1795—James Knox Polk, eleventh president, born; died 1849.

1841—Insurrection of natives at Kabul, India, and massacre of Europeans; Sir Alexander Burnes, a Scotch geographer and oriental traveler holding the office of British resident, his brother and other prominent Europeans were murdered.

1887—Jenny Lind-Goldschmidt, noted vocalist, known as the "Swedish Nightingale," died in London; born in Stockholm 1821.

1892—Lieutenant Frederick G. Schwatka, soldier and explorer, died at Portland, Or.; born 1849. Lieutenant Schwatka's most noted achievement was his successful search for the lost Sir John Franklin party. He found where the ships had been broken up and learned from the natives of the region the story of the final disaster. Many graves of victims were found.

ABOUT YELLOW PAPER.

The Gazette has had something to say about the "yellow papers" in the past and is pleased to endorse the following editorials from the independent Milwaukee Journal:

Some time ago it was announced that Vice-President Hobart would not on account of his health, be a candidate for renomination. The sensational press took it up with avidity, representing that this decision was the result of pressure by the president. It told in detail the supposed channel through which the decision was brought about. They explained in full the various and devious machinations through which it was accomplished. Ready made motives were arranged for each move. It was all very fine and very impressive. It demonstrated beyond preadventure the astuteness of the yellow press. But it lacked one little unimportant point; it lacked truth. It never occurred to them to ascertain whether the Vice President really was sick to an extent to warrant his decision. The event leaves the n all discredited.

What is the use or fitness of that kind of scavenger journalism? What is gained by it? Nothing good; nothing of confidence; nothing of party advantage; nothing but disgust. It would have been so easy to tell the truth. It would have been so much better for them at the end. But the influence of this method of making news on the confidence of the public was, is, and always will be, disastrous. Who wonder that people read all papers with distrust when by some they are steadily imposed on by the substitution of sensation for fact? Honest, conservative payers suffer from this dishonest practice of the yelllow kind. They should rise up to rebuke it and more carefully than ever strive to give nothing but facts to their readers.

The Milwaukee man who only got a twenty-five year sentence for pounding a policeman to death should thank his lucky stars that he was not arrested for horsestealing. If he had stolen a horse he probably nave been sentenced to forty years solitary confinement.

The Philippine commission will report, unanimously, in favor of the retention of the islands. This commission was composed of well known men; they made an exhaustive personal investigatiod; and their judgment may be safely relied upon.

If it be true that university students robbed the laundry of the women's dormitory, the guilty ones should be expelled. Young men of this stripe will never amount to anything and money spent in giving them "a higher education" is wasted.

The English naval officers probably agree with General Sherman that "war is hell"—especially a war in which the navy can take no part.

The Boers continue to bore holes in the British, but they will have to pay for all their successes later on.

We have not yet heard, however, that Billy Mason has felt called upon to blush for the Chicago river.

General Joe Wheeler is keeping the Filipinos busy, but he isn't neglecting his typewriter either.

The future must look dark to the Calumet, Mich., woman who eloped with a colored man.

Madison people are being held up almost every night—by footpads.

And Dewey, perhaps, will be only a vice admiral hereafter.

A Curious Incident.

A curious incident in connection with the late thunderstorm which passed over Ireland occurred in the County Monaghan. A lightning flash struck a grove of trees in which a colony of rooks had established a rookery, and killed some four or five hundred birds. Great numbers of horses, cattle and sheep were killed all over the country. Altogether it was one of the most disastrous storms which has visited the country for a long time.

OUT OF A JOB.

The British Consular Agent Who Was Obliged to Leave Pretoria.

Mr. Conyngham Greene is the gentleman who, up to the outbreak of hostilities, acted as British consular agent in Pretoria. At the expiration of the time set by the Boers in the ultimatum he packed his satchel and made good time to Cape Town, where he is now watching the progress of affairs from a safe distance.

Mr. Greene has had considerable diplomatic experience, although he is only 45. Since he left Oxford and entered the foreign office he has represented her majesty's government at Athens, Stuttgart, The Hague, Brussels and Teheran.

While he was at Stuttgart he married Lady Lily Stopford, Lord Cour-

MR. CONYNGHAM GREENE.

town's daughter, who has been the greatest help to him in the social side of his duties.

The post of British representative at Pretoria has been in some ways the most difficult of all in the diplomatic service, and Lady Lily achieved no small success in the up hill task of bringing together both Boers and British on the neutral ground of social courtesies.

Mr. Greene is a keen fisherman, cyclist and golfer, but since his appointment to Pretoria he has been obliged to forego his taste for yachting.

FRIEND OF THE BOERS.

Olive Schreiner and Her Vain Appeal To the British.

Olive Schreiner, the novelist, who made such an eloquent appeal to the British people on behalf of the Boers just before hostilities opened, is herself an Afrikander and has lived almost all her life among the scenes which she has so powerfully described with her pen.

"We may crush this little people," she says. "We have numbers and wealth on our side. They have the conviction that their God fights for them. Ours is a politicians' war. Theirs is a people's."

Olive Schreiner was born in a little mission station near Cape Town. She is the daughter of a Lutheran clergyman. Her education was received at home. While still a girl in her teens she wrote the "Story of an African

OLIVE SCHREINER.

Farm," embodying it in graphic pictures of the weird scenery amid which she was born and reared. It was bearing the manuscript of this book that Olive Schreiner paid a visit to England in 1880.

At first publishers looked askance at the story. At length the story reached the hands of a publisher who recognized its original power, and the first edition of the book was issued over the pen name of Ralph Iron. But people seemed to guess the sex of the writer, and when the new edition appeared Miss Schreiner attached her own name to it. The success of the book was instantaneous.

Olive Schreiner is one of the most insistent advocates for the emancipation of women. In 1894 she married Mr. Crounright, who is entirely in sympathy with her views. Her brother, William P. Schreiner, is the prime minister of Cape Colony.

The Word Bogus.

The word "bogus," meaning counterfeit or false, though commonly used now, was looked upon at one time as being as inelegant an expression as con game is today, and its origin was somewhat similar. Over half a century ago a man of the name of Borghese did a tremendous business in the way of supplying the great west and portions of the southwest with counterfeit bills and bills on fictitious banks. Westerners fell into the habit of shortening the name to Bogus; and his bills, as well as all others of like character, were universally styled by them as bogus currency.

THE NEED FOR GERMAN NAVY.

Miquel Organ Says It Must Check Two Preponderant Powers.

Berlin, Nov. 2.—Answering the demand for the weighty reasons justifying the enlargement of the naval program adopted only two years ago, a political news letter which is close to Minister Miquel and the steel interests, but not to the foreign office, says: "The sudden growth of the fleets of rival nations and the misuse of their naval preponderance by two great powers in oppressing the weaker nations and for overawing all the continental countries is ample justification."

This sheet then recapitulates the Spanish-American war and the events leading up to the Transvaal war, declaring that the leading cause for the one was America's need of good harbors in the Caribbean sea in order to command the approach to the Nicaraguan canal, and for the other Great Britain's gold hunger.

Great Britain's fleet, it says, prevented Europe from aiding Spain, and America is now prepared to stand at Great Britain's back if necessary.

Will Make Preliminary Report.

Washington, Nov. 2.—The members of the Philippine commission—Admiral Dewey, Profs. Schurman and Worcester and Col. Denby—will make a preliminary report to the president before the end of this week, and it is understood that the report will be immediately given to the public.

King and Kaiser to Meet.

Rome, Nov. 2.—It is announced here that it is certain King Humbert and Emperor William will meet shortly, and that the interview will be of great political importance to the Italian and German governments, which have already agreed to renew the treaty of alliance.

UNITARIANS CLOSE STATE CONFERENCE

THREE DAY SESSION ENDED THIS AFTERNOON.

Gathering In This City Has Proved a Most Successful One--Rev. Jenkin Lloyd Jones Gave His Customary Brilliant Address—Delegates Have Returned To Their Homes.

After a three-day session the twenty-second annual Wisconsin Conference of Unitarian and Independent societies, closed in this city this afternoon. Several of the delegates took their departure last evening, including Rev. Paul R. Frothingham of Boston.

At 10 o'clock this morning the session opened in the parlors of All Souls church, Rev. Eliot of Milwaukee, presiding as chairman. Rev. Howard Udell of Baraboo, presented a paper which was most favorably received. Rev. T. J. Owen of Arcadia, followed with a paper on "Physics." The speaker gave his observations from the standpoint of a non spiritualist and his talk proved one of special interest.

Attorney William Smith of Janesville read a well prepared paper in the nature of a strong plea for immortality on the basis of the spiritualistic belief. The address plainly showed that Mr. Smith was well acquainted with the topic. A general discussion followed.

At 2 o'clock this afternoon Rev. C. F. Niles of Menominee presented a paper on 'Church Methods" which was followed by a paper given by Rev. C. E. Varney of Monroe who took for his subject "Secularization of Religion."

The place of holding the next state session was left with the executive committee.

The Officers Elected

At the afternoon session yesterday all the old officers were re-elected as follows:

President—J. H. Stout, Menomonie.

First Vice President—Rev. W. G. Eliot, Milwaukee.

Second Vice President—Mrs. L. B. Ring, Neillsville.

Secretary—Rev. C. F. Niles, Menomonie.

Treasurer—R. Jackson, Baraboo.

There was a platform meeting on the subject of "The Nature, Value and Method of Public Worship." Addresses on this line were delivered by Rev. W. G. Eliot of Milwaukee; Revs. W. W. Fenn of Chicago, and Paul Revere Frothingham of Boston.

Then followed the business meeting. Secretary Niles read the minutes of the last annual meeting, which were approved.

The report of the treasurer, R. Jackson, of Faraboo, showed that there was on hand at the last report, Nov. 15, 1898, $21.98. The sum of $8 had been received, making a total of $29.32. The amount on hand at the present time was $26.57. The report was accepted.

Encouraging reports were then heard from the churches. T. G. Owen spoke for Arcadia, Neillsville, Greenwood and Parker, at all of which places he preaches. Mrs. Moore spoke for Madison, a lady for Baraboo, Wm. Smith for Janesville, Rev. C. F. Niles for Menomonie and Rev. W. G. Eliott for Milwaukee, giving a report of the work that was being done.

The thanks of the delegates attending the conference were extended to Rev. W. W. Fenn, Rev. P. R. Frothingham and Rev. Franklin C. Southworth for their participation and special interest in the conference and to the local church for the kindness extended to the visiting delegates.

Secretary Rev. C. F. Niles was instructed to take part in the missionary council to be held in Chicago at stated intervals. Rev. Eliot thought it was time the conference was getting ready to do some missionary work as a conference.

Prof. Jackson of Madison, introduced a resolution that it is the sense of the delegates to the conference that the conference funds be increased as much as practicable for the purpose of paying the traveling expenses of the conference ministers in visiting such new fields as the officers of the conference may deem it wise to cultivate.

A reception and supper was given in the evening.

A Huge Log Frame.

A gigantic log frame, aptly entitled "Jumbo," erected at the High Wycombe (England) sawmills, weighs 50,000 pounds and is eighteen feet high, eight feet of which is underground, the foundation being 14 by 14 feet, eight feet deep, and requiring 120 tons of ballast and cement. The skeleton which holds the saw weighs thirty-five hundredweight, and the balance for the saws at the bottom weighs three tons. The machine is capable of carrying forty saws for cutting a tree into one and one-half inch planks. It runs at 126 strokes per minute, a gain of forty-six strokes over the highest speed previously attained in these mills.

To Pension Its Old Employes.

The Pennsylvania Railroad Company, through its board of directors, is formulating a plan for pensioning its old men and retiring them to that rest which they have earned by long and faithful service. The pension plan is now in the hands of a committee, and will be perfected and submitted to the board of directors at the October meeting for adoption. It will involve the expenditure of $300,000 or more each year by the company, and its immediate effect will be to retire a hundred or more employes who have passed the allotted three score and ten years of life, or who, by reason of sickness or accident, have become disabled or incapacitated for active duty.

MENU FOR FRIDAY.

HOW TO PREPARE CULLIS (or Coulis).—Take a stewpan that will hold about four quarts; put a thin slice or two of bacon on the bottom, about two pounds of veal, a piece of ham, three or four carrots, onions, parsley, with a head or two of celery chopped fine. Pour in a pint of stock, cover it close and let it go gently upon a slow stove for an hour. When it comes to be almost dry, watch it narrowly so as to bring it to a nice brown, fill it up with broth and let it boil softly for half an hour. Melt about a half pound of fresh butter and three or four large spoonfuls of flour and stir over a stove till it has a fine yellowish or light brown color; pour into it your gravy and stir well, after boiling 10 minutes; take your meat and roots out and pass it through a sieve, then take off the fat and set it away for such uses as may follow. Be sure great care is taken in this, for on its goodness and beauty all the rest depends.

ALDERMAN FIFIELD THREATENS SUIT

CITY OF JANESVILLE THE DEFENDANT.

First Ward Politician Claims Damage To His South Main Street Property—Says That Contractors Are Grading Street Too Deep—Others Are Interested Along Thoroughfare.

Alderman Frank E. Fifield threatens a law suit for damages against the city of Janesville. The grading along South Main street has caused the trouble and there are other property owners along the same thoroughfare who say that they intend to bring the difficulty into the courts for settlement.

South Main street is now in the hands of Contractor J. H. Watson who is grading the same for macadamizing purposes having been awarded the contract by the common council at a late meeting. According to contractor Watson he is now grading South Main street in regulation to the grade as established in 1896.

Alderman Fifield and others claim that the street near Wheeler street is being cut too deep and that it injures the property on the east side of the street by leaving it too high so that it will be impossible to reach it by team. They allege that it is being graded out to a depth of fully three feet.

The do not blame Contractor Watson for they say he is merely following the city grade. To remedy the present existing trouble is now a question that is bothering the city fathers as well as the interested property owners.

Mayor Richardson stated this morning that he did not want to see the city involved in any trouble but that he thought this a poor time to bring the matter up after grading had commenced. The property owners along South Main street, he said, knew all about the established grade before work commenced as the grade was established in 1896.

Alderman Fifield owns building lots on the east side of South Main street between Wheeler and Sharon streets.

RURAL MAIL ROUTE TO BE ESTABLISHED

EXPERIMENT TO BE TRIED ABOUT MILTON JUNCTION.

Congressman Cooper, and Superintendent Henry Casson Visit Milwaukee For the Purpose of Making Arrangements—Will Reach Many Farmers—The Avantage Afforded By System

The first free rural mail delivery route to be established in the First congressional district will soon be established.

Milwaukee papers say that Congressman Hal Cooper of Racine and Henry Casson, superintendent of the rural free delivery department, spent the greater part of the day yesterday in Milwaukee in making preparations to establish the first free route. The route will extend over a circuit of about twenty-three miles, north, west, south and east, from Milton Junction and returning to the same point. The route will provide free delivery daily to 230 families, the largest number of families served by any route in Wisconsin. To a Journal man Mr. Cooper said:

"The rural free delivery system is proving highly successful and the members of the farming communities are appreciating the value of the service. Rural delivery is a paying investment for the government, I believe, for it greatly increases the use of the mails. People write more letters when they can have them taken up promptly and get replies promptly. About the only expense of a rural delivery route is that of the carrier, who received $400 a year, and the increased expense of such a route is not that, for each route naturally reduces the expense to the government of some small postoffice. It is remarkable the increase in the number of daily papers taken which follows the establishment of these delivery routes. Mr. Casson tells me that on one route eighty Milwaukee papers and twenty-two St. Paul papers were added to the lists."

'NEATH THE PALL OF SORROW

Mrs. Nicholas Fredericks.

Mrs. Nicholas Fredericks died at 2:45 o'clock this morning at her home, 101 Center avenue. Death resulted from paralysis of the nerves. For several weeks she has been dangerously ill and for the past two years her health has been poor. Mrs. Fredericks was born at Gainesville, Wyoming county, March 5, 1845. She was married to Mr. Fredericks at Gainesville, Dec. 31, 1866. For the past thirty four years she has been a resident of Janesville, making many warm friends who will mourn her demise much. A husband, Street Commissioner Fredericks, and one daughter, Mrs. Fenton J. Winans, are left to mourn the loss of a loving wife and mother. Two brothers reside in Minnesota

Funeral services will be held from the Center avenue home Saturday afternoon at 2 o'clock and the interment will be in Oak Hill cemetery.

Anna Loretta Rooney.

At 4 o'clock this morning the death angel entered the town of La Prairie home of Mr. and Mrs. A. J. Rooney, claiming as its victim their six months old daughter, Anna Loretta Rooney. Death was due to brain fever. Funeral services will be held from the home at 9 o'clock Saturday morning and from St. Patrick's church at 10 o'clock. The interment will be in Mount Olivet cemetery.

Mrs. O. A. Parmley

Mrs. E. Bathorn of this city, has received a telegram from Ogden Utah, announcing the death of Mrs. O. A. Parmley. Death was due to pneumonia. Mrs. Parmley was well known in Janesville and many will be pained to learn of her demise.

INTERURBAN LINE HAS BEEN ABANDONED

MAYOR RICHARDSON NOTIFIED THIS MORNING.

Chicago Parties Who Applied For Franchise Here Have Backed Down—Give No Reason—Much Regret Felt Here Among Business Men and Property Holders.

This city is not likely to have an electric interurban line operating through her streets for many days to come. Arthur M. Einstein and G. L. Clausen of Chicago, who were here this week making application for a franchise, have abandoned the project for the present at least.

Mayor V. P. Richardson received the following letter this morning.

Victor P. Richardson, Mayor of the City of Janesville. Dear Sir: We regret to inform you that for the present we are requested by the people we represent, to abandon the procuring of a franchise for the City of Janesville and your vicinity, and devote our time in another locality. We trust it will be decided to take up the Janesville project at some future time.

Very Respectfully,
ARTHUR M. EINSTEIN,
G. L. CLAUSEN.

Just why the plan has been abandoned is not known but it is not at all unlikely that trouble encountered in securing a franchise in Beloit had something to do with it. That the line was heartily endorsed on all sides here is quite evident judging from the regret that was expressed in the business section of the city today when the news became known.

Mayor Richardson and the majority of the aldermen were in favor of granting the franchise.

THE demonstration of the usage of Shredded Whole Wheat Biscuit at Dedrick Bros.'s will continue Friday and Saturday. Ladies are invited to attend the demonstrations and partake of the free samples of the various foods.

Government Sewing School.

The Prussian government is about to start sewing schools for the peasants. It appears that while nearly $1,000,000 worth of gloves are made in Breslau each year, the gloves have to be sent to Austria and Belgium to be sewed, the German girls never having acquired the knack.

WARDEN FISHER AFTER THE HUNTERS

ROCK COUNTY DEPUTY CAPTURE THREE SPORTSMEN.

He Has Stationed Himself At Winchester In the Northern Pineries—One of His Prisoners Paid a Twenty-five Dollar Fine—Two More Using Hounds.

S. D. Fisher, special deputy state warden, is getting in his work these days among illegal hunters in the northern part of the Badger state. During the past few days he has made the arrest of three sportsmen all of whom pleaded guilty. For shooting a 250 pound buck before the deer hunting season opened Deputy Warden Fisher arrested a Taylor county hunter who paid a $25 fine.

For illegal hunting deer with hounds he arrested Wm. Liew and Andrew Peterson of Chilsen. Both pleaded guilty and were fined $25 and costs. Deputy Fisher is a Rock county boy and is the son of Charles Fisher of the town of Center. That he is a man well informed in the game warden business is quite evident judging from the trouble that he has been causing illegal hunters of late.

CHAS. TRASK NOT TALKATIVE

Beloit Man Now In Jail Here on Serious Larceny Charge.

Charles Trask of Beloit, who is now occupying a cell in the Rock county jail on the charge of having stolen $111 from Hans Hanson, is a middle aged, married man. He has but little to say regarding the alleged crime.

Both Hanson and Trask were employed at the Iron Works, Trask coming one week ago from Madison. Hanson has been saving his money for some time and had the accumulation in his trunk and always carried the key. When he changed his Sunday clothes for his work clothes Monday he forgot the key. He suspected Trask and his arrest followed in Milwaukee.

FARRAGUT'S OLD FLAGSHIP.

Famous Hartford Restored and Will Soon Sail Round the Horn as a Training Ship.

BY JOHN F. WILLOUGHBY.

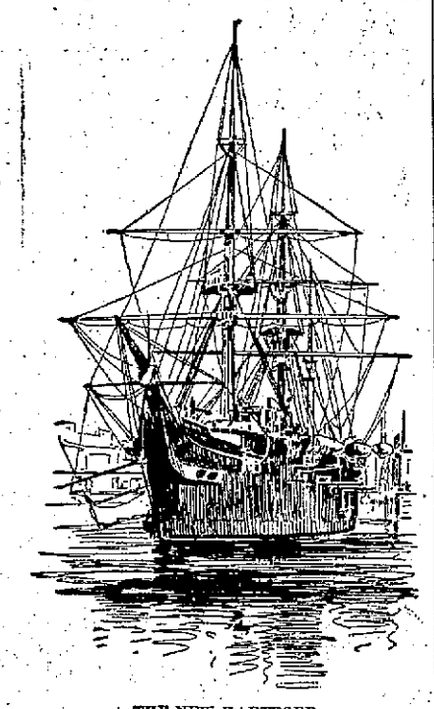

The gallant old Hartford, famous as Admiral Farragut's flagship in the battle of Mobile Bay, has been rescued from the naval boneyard. Today the old ship looks as trim as she did in her prime. In a few days she will weigh anchor at the Mare Island navy yard and sail out of the Golden Gate for a cruise around the Horn to New York. She is to be used as a schoolship on which young Americans will be trained to be good all around sailors for Uncle Sam's navy.

In 1894, when the Hartford entered the drydock at Mare Island, a mere hulk that seemed destined to decay in "Rotten Row," a strong effort was made by leading citizens of the Pacific slope to have the government restore the old boat and keep her either at the navy yard or at San Francisco as a permanent exhibit for the stimulus of patriotism, as Nelson's flagship Victory is preserved in England. The scheme failed for lack of influential backing, and as a substitute congress decided to repair the vessel and make her a training ship for sailors.

For five years the work has dragged along, but now it is practically completed. In the years that the Hartford has been in the hands of carpenters at Mare Island navy yard the old ship has been entirely reconstructed, so that the only original timbers left in her are solid oak planks that formed her hull.

She has been rebuilt of wood throughout, except the top sides amidships, which are of steel. She has been thoroughly equipped with modern machinery, the engines being of the combined type, and she is provided with steam winches, blowers for ventilators, steam steering gear, the latest style of dynamo and electric light plant and two searchlights.

Yet in general appearance she looks exactly as she did 35 years ago, when Farragut ordered her driven over the

THE NEW HARTFORD.

torpedo beds in Mobile harbor. Her masts are a trifle shorter than in the old days, but only a sailor would notice this. Even her sides are painted black, to bear out the illusion that this is really the historic flagship, one of the most famous vessels in the United States navy.

Comparing the new Hartford with the old, the most marked change is the shortness of the masts. Then amidships the steel topsides show up, and there is a big steel launch amidships, which alters the appearance of the vessel. In all other respects she is an exact copy of the old ship.

Her battery consists of thirteen 5 inch rapid fire rifles of the latest pattern, 12 being mounted in broadsides on the gun deck and one as a "bow chaser" on the main deck; two 6 pounder and several 1 pounder, all rapid fire guns. She has also one Colt machine gun of rifle caliber.

The Hartford is in charge of Commander John M. Hawley, with Lieutenant Commander Alexander Sharp, a nephew of General Grant, second in rank. The crew will consist of 134 able seamen, from the Atlantic squadron, who were recently sent from New York. In addition she will have 350 green hands, enlisted at Chicago, Cincinnati, St. Paul and St. Louis. All are white, native born Americans.

The purpose of the navy department in fitting out the Hartford as a schoolship was to train young Americans to be "square yard sailors." The influence of the new type of navy vessels is to make men electricians, machinists and gunners and to cause neglect of the old all around seamanship that once played so important a part in American naval victories.

The design is to transfer these recruits, after they have been thoroughly "shaken down," to the various vessels of the fleet. Commander Hawley is an enthusiast in this work, and there is no doubt that with the fine material he has in hand he will add a large number of good sailors to the navy list.

The Hartford was built at Charlestown navy yard in 1858, so she is just 41 years old. Her original draft was 19 feet, and she could make only 11 knots under steam and sail. Of all the vessels that saw service in the civil war she gained the greatest fame.

FAMOUS OLD FORT.

Mafeking, From Which Jameson Started, Scene of a Recent Battle.

The old fort at Mafeking, around which has raged one of the first important struggles in the South African war, is a solidly built stone structure which has played a part in history before. It is celebrated as the starting place for the Jameson raiders. It was at this spot they gathered for their disastrous dash toward Johannesburg.

The old fort stands on the summit of a hill just outside the town. From the top of this hill you can see across the borders of British Bechuanaland and

OLD FORT AT MAFEKING.

far over into the Transvaal. It was built by the British when they were at war with the Zulus, but it has been kept up and a garrison retained there in expectation of trouble with the Boers. For several years it has been used as a guardhouse by the Buchuanaland police. When hostilities opened, Mafeking was made the base of Colonel Baden-Powell, who had raised a regiment of volunteers which had been compared to Roosevelt's regiment of rough riders.

Back of the fort and at the foot of the hill clusters the little village of Mafeking. It is on the main line of the railway which runs from Cape Town to Bulawayo and it is just 870 miles from the Cape. From Mafeking to Glencoe, where another important engagement has been fought, is nearly 300 miles as the crow flies, so you see that the Boers are conducting a campaign of magnificent distances in spite of their comparatively small numbers.

TORPEDO BOAT'S SPONSOR.

She Is the Great-grandniece of Admiral Shubrick.

The launching of the torpedo boat Shubrick at Richmond is chiefly remarkable because this is the first war vessel for the new navy to be built at the yards of the city which was at one time the capital of the former Confederacy.

Miss Carrie S. Shubrick, the young lady selected to christen the new terror of the seas, is a great-grandniece of Admiral Shubrick, for whom the boat is named. She is a daughter of Dr. J. T. Shubrick of Rocky Mount, N. C., and is a pretty little maiden of 10 years. She highly appreciates the honor done to her great-granduncle and to herself. The people of the Richmond are also proud of the part the south is taking in building the new navy.

Rear Admiral William Branford Shubrick was a southern man. He was born on Bulls island, South Carolina,

MISS CARRIE S. SHUBRICK.

Oct. 31, 1790, and died in Washington May 27, 1874. He entered the navy as a midshipman Aug. 19, 1806, and was commissioned lieutenant Jan. 5, 1813. He commanded a gunboat in Hampton Roads in 1813 and assisted in defending Norfolk against the British.

He was third lieutenant of the Constitution at the capture of Cyane and Levant Feb. 23, 1815, and executive officer in her subsequent escape from the British fleet. He received a silver medal and was included in the vote of thanks congress voted to Stewart and his officers and men. South Carolina gave him a sword.

In 1861 unsuccessful efforts were made to induce him to join the Confederates. He declined, and in December, 1861, was placed on the retired list. He continued in duty as chairman of the lighthouse board from 1866 to 1870.

There is nothing about the Shubrick itself. It is a vessel very much after the order of the Porter and Dupont. There are other torpedo boats building at the newly established W. R. Trigg shipyards. It so happens that the Shubrick is the first one to touch water.

..LATE NEWS BY TELEGRAPH..

NOTHING FROM LADYSMITH

Gen. White's Silence Is Worrying British War Office.

OCEAN CABLE BREAKS DOWN.

Since the Official Report from the Front Came Tuesday Night, No Word Has Been Received—Story of the Disaster Told in Detail.

London, Nov. 2.—Not one word of special cable was received Wednesday by any of the London papers. This is said to be due to the breakdown of one of the ocean cables and the press of official messages.

Preference is also given to private messages dealing with the fortunes of the officers and men. It is considered strange, however, that the war office is without advices of Tuesday's fight at Ladysmith.

The Daily News' Pietermaritzburg special says: "A number of stragglers from the Gloucester regiment and some of the stampeded mules, with a part of the mountain battery, have returned to Ladysmith."

There is an unconfirmed Cape Town report that Gen. Buller has left for Durban.

Gen. White's message to the war office, dated Tuesday evening, giving further particulars of the disaster to the fusileers and Gloucester battalions in the engagement, as well as expressing confidence that he is able to hold his own, tends to a certain extent to quiet the anxiety for the safety of Ladysmith.

The sky has cleared and looks brighter from a British standpoint, notwithstanding the brief but positive confirmation of the report that another battle is on near the scene of Monday's fight. The results of the second battle are unknown, as the wires are still working badly.

According to a confirmatory dispatch filed on Tuesday evening, shortly before 6 o'clock Tuesday morning Gen. White ordered two of the 50-pounders brought from the Powerful, which had been placed in position on Monday night to open fire on the Boers. Some of Joubert's guns were silenced for the time, but not completely, and after fighting all day the artillery duel was still on at 7 on Tuesday morning.

It seems that Joubert has secured several more guns since Monday and that his gunners aim even better than the British.

The losses, if any, are not given, though the stereotyped assertion is made that the Boer losses must have been great, as the British shells were seen repeatedly bursting among them.

Gen. White's report of Monday's engagement is not a complete account of the movement of the two unfortunate battalions, but is sufficiently detailed to confirm the belief that the fusileers and the Gloucesters made a good resistance and finally succumbed after suffering heavy casualties.

Reading between the lines of White's explanation, it is quite plain that Col. Carlton made a serious blunder in attempting to carry out White's orders to the letter without using any discretion.

White adds no details to Monday's dispatch regarding the British losses, but states that the wounded were treated with great humanity by Joubert, who immediately sent him a letter offering a safe conduct for doctors and ambulances. White does not criticise Carlton, and lays the entire blame on the mules, and closes by insisting that the security of Ladysmith is in no way affected. This statement, the war office hopes, is true, but it does not feel sanguine about it.

The Standard says: "It is believed that Gen. Buller has proceeded immediately to Ladysmith to assure himself of the exact status of affairs." The Standard understands that considerable re-enforcements have reached White in the last forty-eight hours.

The Graphic says Gen. White will not have to wait more than seven days for three regiments of re-enforcements from the first troops of the army corps, as the Second battalion of the Royal West Surrey, the Second battalion of the West Yorkshire, and the Second Devonshire will arrive at the Cape on the 6th and probably be selected to go to Natal.

OFFICIAL REPORT OF DISASTER.

Account Sent by Gen. White Regarding Monday's Engagement.

London, Nov. 1.—The British war office has made public a dispatch received from Gen. White, describing the operations of Monday, as follows:

"Ladysmith, Oct. 31.—Took out from Ladysmith a brigade of mounted troops, two brigade divisions of the Royal artillery, the Natal field battery and two brigades of infantry to reconnoiter in force the enemy's main position to the north and, if opportunity should offer, to capture the hill behind Farquhar's farm, which had the previous day been held in strength by the enemy. In connection with this advance a column, consisting of the Tenth Mountain artillery, four half-companies of the Gloucesters and six companies of the Royal Irish Fusiliers the whole under Lieut.-Col. Carlton and Major Adye, deputy assistant adjutant general, was dispatched at 11 p. m. the 29th to march by night up Bell's Spruit and seize Nicholson's Nek or some position near Nicholson's Nek, thus turning the enemy's right flank.

"The main advance was successfully carried out, the objective of the attack being found evacuated, and an artillery duel between our field batteries and the enemy's guns of the position and Maxims is understood to have caused heavy loss to the enemy. The reconnoisance forced the enemy to fully disclose his position and, after a strong counter attack on our right, the infantry brigade and cavalry had been repulsed, the troops were slowly withdrawn to camp, pickets being left on observation. Late in the engagement the naval contingent, under Capt. Lambton of H. M. S. Powerful, came into action and silenced with extremely accurate fire the enemy's guns of position.

"The circumstances which attended the movements of Lieut.-Col. Carlton's column are not yet fully known, but from reports received the column appears to have carried out the night march unmolested until within two miles of Nicholson's Nek. At this point two bowlders rolled from the hill and a few rifle shots stampeded the infantry ammunition mules. The stampede spread to the battery mules, which broke loose from their leaders and got away with practically the whole of the gun equipment and the greater portion of the regimental small-arm ammunition. The reserve was similarly lost.

"The infantry battalions, however, fixed bayonets and, accompanied by the personnel of the artillery, seized a hill on the left of the two road, two miles from the Nek, with but little opposition. There they remained unmolested till dawn, the time being occupied in organizing the defense of the hill and constructing stone sangars and walls as cover from fire. At dawn a skirmishing attack on our position was commenced by the enemy, but made no way until 9:30 a. m., when strong re-enforcements enabled them to rush to the attack with great energy. Their fire became very searching and two companies of the Gloucesters in an advance position were ordered to fall back. The enemy then pressed to short range, the losses on our side becoming very numerous.

"At 3 p. m. our ammunition was practically exhausted, the position was captured and the survivors of the column fell into the enemy's hands. The enemy treated our wounded with humanity, Gen. Joubert at once dispatching a letter to me offering a safe conduct to doctors and ambulances to remove the wounded. A medical officer and parties to render first aid to the wounded were dispatched to the scene of action from Ladysmith last night, and the ambulance at dawn this morning.

"The want of success of the column was due to the misfortune of the mules stampeding and the consequent loss of the guns and small-arm ammunition reserve.

"The official list of casualties and prisoners will be reported shortly. The latter are understood to have been sent by rail to Pretoria.

"The security of Ladysmith is in no way affected."

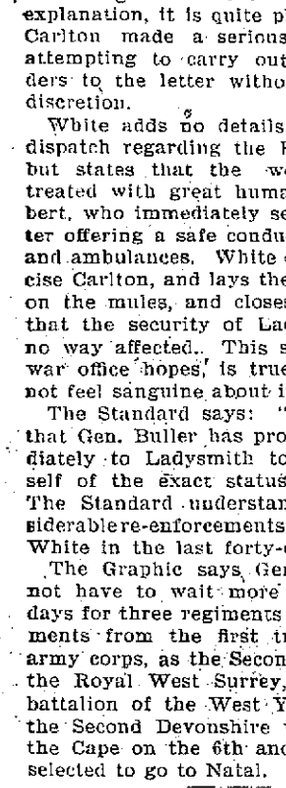

The details today show the catastrophe in a brighter aspect. The full battalions were not engaged, and therefore the list of prisoners is materially reduced, while the disaster now appears to have been not so much the consequence of defects in the plan of action as to a misfortune whereby the column was deprived of its ammunition. Still it seems incomprehensible why the plight of the luckless column was not known at headquarters, as the scene of the surrender was only about three miles northwest of Ladysmith, and Lieut.-Col. Carlton must have expected relief to reach him or, instead of attempting to occupy a defensive position, he would have retracted his steps to Ladysmith when he suffered the loss of his ammunition.

Apart from Gen. White's statement that the losses are very numerous, there is nothing to indicate the extent of them except a vague report to the effect that the soldier who brought the news to Ladysmith said the British dead and wounded were lying in heaps, and that hundreds needed doctors. This, however, is hardly borne out by the long list of captured officers.

The concluding sentence of Gen. White's dispatch, relating to the safety of Ladysmith, was received here with a certain reserve, in view of the fact that similar official assurances were given recently at Dundee and Glencoe, and there is intense anxiety for further news of the reported renewed attack, which is not mentioned in the official dispatches.

Cape Town, Oct. 31 (delayed in transmission).—The guns of the British naval brigade have knocked the Boer forty-pounder clean off its platform and have silenced the Boer guns on Hepworth hill. The Boers abandoned their positions.

FIVE KILLED AT CHICAGO.

New England Mill Plant Wrecked by Dust Explosion.

MANY BUILDINGS COLLAPSED.

Half a Block Adjoining Comes to the Ground from the Effects of the Shock—One Body Recovered — Cause Is Somewhat of a Mystery.

Chicago, Nov. 2.—An explosion of mill dust in the New England mills, at 145 and 147 West Lake street, at 4:45 o'clock Wednesday afternoon wrecked half a block of buildings and caused the loss of five lives. F. S. Hanson, owner of the mills, was killed, and three men are missing, and are supposed to have been crushed to death under the falling walls. An unknown woman was seen standing in front of the six-story building adjoining the mill just as the front walls fell into the street. She was heard to cry out in terror, but before any one could get to the spot the walls of other buildings began falling, and the sidewalks and street became piled up with debris.

To add to the disaster, the ruins caught fire from the mill boilers, and stopped any attempt to search for the bodies of the dead for several hours. The property loss will foot up over $200,000.

The body of F. S. Hanson, proprietor of the mills, was taken from the ruins at 9:30 o'clock last night. All the clothing was burned and the flesh badly charred.

The following are missing and their bodies are thought to be in the ruins:

Henry Hilton, bookkeeper for Hanson, 48 years old, single; was not seen after the explosion, and his friends are certain he was killed.

Unknown woman.

Joseph Doctor, employed in the New England mills; supposed to have been killed while at work in the engine-room.

Charles Mullens, a peddler, thought to have been crushed by timbers in the forward part of the mill.

Some degree of mystery covers the origin of the fire and collapse. The theory most generally accepted is that the cause was a grain dust explosion in the New England mills just back of the office.

Dozens of people had narrow escapes from death. Several were more or less injured by falling bricks and timbers. Probably fifty people were employed in and about the wrecked buildings, and it is regarded as almost miraculous that more lives were not lost.

Indiana's Prosperous Year.

Indianapolis, Ind., Nov. 2.—The state of Indiana began a new fiscal year Wednesday with a balance in the treasury of $691,548.02. Official estimates say that it will take $2,500,000 to pay the state expenses for the ensuing year. The receipts for the year just closed were $7,671,296.28. The state paid out during the year $6,979,748.26. Appropriations for new additions to state institutions amounting to $475,000 went into effect Wednesday.

Report on the Public Debt.

Washington, Nov. 2.—The monthly statement of the public debt issued Wednesday shows that at the close of business Oct. 31, 1899, the debt, less cash in the treasury, amounted to $1,146,629,581, a decrease during the month of $2,276,199. This decrease is accounted for by the increase in the amount of cash on hand and the increased redemption of national bank notes.

A MEASURE OF MERIT

Janesville Citizens Should Weigh Well This Evidence.

Proof of evidence lies in the merit.
Convincing evidence in Janesville
Is not the testimony of strangers;
But the endorsement of Janesville people.

That's the kind of proof given here,

The statement of a Janesville citizen

Mr. L. Lawrence, of 408 S. Franklin St., engineer at the Janesville Electric Light Co., says;

"Seven years ago I injured my back by falling through a bridge near Afton, into the Rock river. I was on a traction engine, its weight broke through, and the whole thing went into the stream. Since that time my back has ached by spells, sometimes very severely. If I caught cold it settled in my kidneys and if I brought a strain on my back lifting, the result was a bad backache and sharp twinges of pain in my loins. I procured Doan's Kidney Pills at the People's drug store and after I used them I was free from backache. I am in better health than at any time since falling through the bridge."

For sale by all dealers, Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name, Doan's and take no other.

THE "NECESSARY" MAGAZINE

The best-informed men and women in the world use the AMERICAN MONTHLY REVIEW OF REVIEWS to keep well informed, and call it the "necessary" and "indispensable" magazine. In the busy rush of to-day ambitious men and women must know about the important questions of the month, and not only this, they want to know about them at the right time. When the whole country is puzzled over the gigantic combination of trusts, a well-informed article is printed in the AMERICAN MONTHLY, giving the facts, and its editor discusses the theory; when the Dreyfus affair is in everyone's mouth, the best story of Dreyfus and the great case comes out in this magazine.

Every month, in "The Progress of the World," Dr. Albert Shaw gives a comprehensive picture of the world's history during the previous thirty days. In the departments, the valuable articles and books that have been published during the past month are reviewed and quoted from, so that the readers of the AMERICAN MONTHLY can get the gist of them. In every issue nearly a hundred pictures are printed, including the portraits of the men and women who are making the history of the month.

To be thoroughly well informed helps any man or woman in his or her work. A subscription to the AMERICAN MONTHLY REVIEW OF REVIEWS represents an investment for the best kind of profit, as well as entertainment. One subscriber has just written: "Count me a life subscriber, and when you send me a number beyond the limit of my subscription and secure no renewal from me, consider it a notice of my death."

Price 25 cents per number, $2.50 a year.

A sample copy will be sent on receipt of ten cents in stamps.

It Proved Their Opportunity.

The new Australian baronet, Chief Justice Way, was a bad lad in North Devon in 1850, when his father, a Bible Christian minister, decided to go out to South Australia. His mother, however, was seriously concerned when the reverend gentleman indicated his intention. Her only thought was that in a comparatively unknown colony her two sons might not have such opportunities in life as in the country of their birth. Little did she dream that under the southern cross one of her sons would be chief justice and the other one of the leading physicians of the colony in which their lot was to be cast.

Fashionable Evening Dress

Is no longer the monopoly of the merchant tailor. That which we have ready to wear is made from fine English Broadcloths, Crepe, Vicunas and Undressed Worsteds, in absolutely correct shapes, excellently trimmed and tailored, and ready to wear at a moment's notice.

If you have evening clothes made to order, you will have to submit to many annoying fittings, alterations and in the end may perhaps be disappointed withthe result, though your tailor will just the same send his bill for $75 to $100, according to his reputation.

Here, you are fitted properly **at once,** with as good or better clothes, and at what a saving of time and money! And afterward, if you're dissatisfied, your money back.

Evening Dress Suits, from $25 to $45.

Tuxedo Coats of the same fabrics, $25 to $30.

Iverness Cape Overcoats, from $25 to $40.

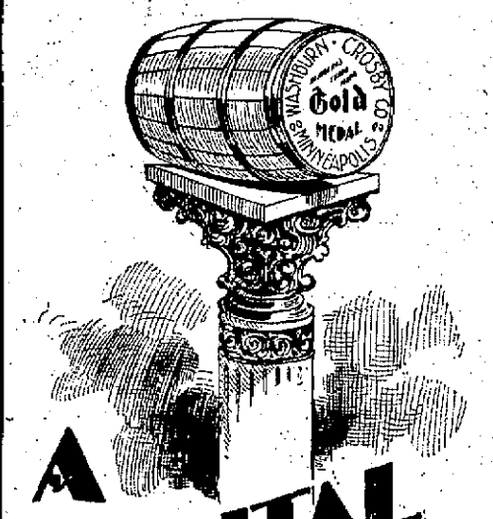

The proper things in Gloves, Ties and full dress Shirts.

Smoking Jackets, Jersey House Coats, Bath Robes.
